Dear Mr. Nash:

DEFICIENT SELF MONITORING REPORT

Your Self-Monitoring Report received on 03/01/2001 for the period of 07/01/2000 to 12/31/2000 for Industrial Wastewater Discharge Permit No. 5093, does not entirely comply with the Districts' requirements, as noted below.

- Sample Results Improperly Submitted for Multiple Reporting Periods.

The parameters listed on the above-referenced Self-Monitoring Report are required but are not acceptable as the results had been previously used for the period of 01/01/2000 to 06/30/2000. Sample results may only be used for one reporting period and one report.

Please sample your industrial wastewater again and report the results of the sample analysis performed by a Districts' or Department of Health Services' approved laboratory. The Self-Monitoring Report and the corresponding laboratory analysis report(s) must be returned within 30 days from the date of this letter to avoid enforcement action. Extensions will not be granted under any circumstances.

If you have any questions concerning this letter, please call Luz Avila of the Sanitation Districts' Industrial Waste Section at extension 2927.

Very truly yours,

James F. Stahl
